

At Brightwood Animal Hospital we encourage our clients to take care of their pet's teeth. Broken teeth and diseased gums are a constant source of pain. If not treated dental disease can lead to heart disease, kidney disease and can shorten your pet's life. At Brightwood Animal Hospital we offer the following dental services.

Dentistry	
Cleaning and Polishing	Remove tartar and promotes healthy gums.
Dental Radiography	Diagnoses infection below the gum line.
Fluoride Treatment	Promotes healthy teeth and gums.
Fractured Jaw Repair	Eliminates painful instabilities.
Gingivectomy	Removes growths on the gums.
Tooth Extraction	Removal of unhealthy, broken or dead teeth.
